

OPEN COURSE DATES 2011

About Our Courses

Let CHMAS bring you and adventure together on one of our open courses. Our instructors are passionate about the outdoors and enjoy passing on their skills to others. Therefore, no matter which course you chose we aim to:

- a) Provide you with an enjoyable learning experience;
- b) Structure the day to your requirements unless we are obliged to follow a syllabus; and
- c) Make sure you leave smiling.
